

YOUNG
PROFESSIONAL
INTERNSHIPS
PROGRAM

Summer internships now available for business and STEM students in Uzbekistan!

Build your career skills through an 8-week guided internship in Tashkent. Gain support from professionals. Receive guidance from an American mentor during an orientation and online sessions. Earn a \$250 stipend to support cost of living in Tashkent. American Councils will organize host placements to fit your professional goals.

Program Goals

Explore your career path by working at a small business or startup in consulting, marketing, finance, technology and other sectors in Uzbekistan

Work in teams and with a company mentor to solve real-world tasks

Expand your professional network

Learn about professional development through special training sessions

Gain skills demanded by employers and improve your resume

Take free business English courses

Earn a certificate of completion as a professional reference

Eligibility

- Commitment to a career in business or STEM
- Current enrollment at an Uzbek higher education institution (3rd or 4th year), or graduation in May 2020.
