

**A CIMPA School on**  
**Complex Analysis, Geometry and Dynamics**  
**Urgench State University, Urgench, Uzbekistan**  
**National University of Uzbekistan, Tashkent, Uzbekistan**  
**October 25—November 6, 2021**  
**and workshop**  
**Trends in Complex Geometry**  
**Khorezm Mamun Academy, Khiva, Uzbekistan**  
**October 30-31, 2021.**

We gratefully acknowledge the support of:

This school aims at providing the interested graduate students, at both a pre-doctoral and a doctoral level, from Uzbekistan, Kazakhstan and other Central Asian countries, with the basic notions and some recent ideas and techniques at an advanced stage of current research in a wide spectrum of themes from classical complex analysis, pluripotential theory, geometry of compact complex manifolds and holomorphic dynamics.
